

BB00.40-P-0231-03A	Specified gear oils (UNIMOG, MB-tractors) - overview		
		General gear oils	BB00.40-P-0231-00A

MODEL ALL

UNIMOG, MB-trac sheets 235.0 to 235.41							
Major assembly	SAE grade	Sheet no. 235					
		.0	.1	.4	.8	.27	.41
Axles	90, 85W-90 75W-90	○					
Manual transmission ## up to FIN 179908 Model 435 for military (German Federal Armed Forces): engine oil SAE 10W	80, 80W, 85W, 75W/85W, 75W-90 (Hot zones SAE 90, 85W-90)		●	○			
Manual transmission ## as of FIN 179909	75 W/85W			●			
Transfer case	75 W/85W			●			
Manual steering	80, 80W/85W (hot zones SAE 90, 85W-90)		●				
Manual transmission 718.840 in model 405.05/10/12/20/210/20/230, Manual transmission 718.841 in model 436.330, 437.42/43/46							●
Power steering can be used ## up to FIN 195081	10W, 30					○	
Power take-off transmission, power take-off intermediate transmission ## up to VIN 179908	80, 80W, 80W/85W (Hot zones SAE 90, 85W-90)		●	○			
Power take-off transmission, power take-off intermediate transmission ## as of FIN 179909	75W/85W			●			
DB front cable winch, fan	80, 80W, 80W/85W (Hot zones SAE 90, 85W-90)		●				

UNIMOG, MB-trac sheets 236.2 to 236.91						
Major assembly	SAE grade	Sheet no. 236				
		.2	.3	.9	.91	
Allison automatic transmission	ATF			●	● 1.)	
Power steering	ATF	●	●			
Hydraulically operated differential lock, hydrostatic transmission (406)	ATF	●				

This table only serves as an overview!

- Should be used.
- Can be used.

With conversion to another oil:

Observe specified maintenance intervals.

1.) Automatic transmission fluids (ATF), sheet 236.91 and TES 295 for Allison automatic transmission. This oil permits much longer oil change intervals, in particular for Allison transmissions.

For Allison automatic transmission, the application instructions on sheet 231.0 must be observed!
